Finale Ligure is famous for organising and hosting a huge amount of international and prestigious sport and outdoor activity events.

An ancient past has left its traces all around the territory, the archaeological heritage of the area preserves evidence of prehistoric phases of international importance: throughout educational workshops and guided excursions for children and family is possible to bring the past alive.

Historical culture of the finale area is fascinating: not only because of castles, fortresses, churches and basilicas, but also because of the presence of monumental arches and ancient Roman bridges: all of these buildings rule the seascape.

The city center is one of the broader of Europe and it includes "Le Strade Nuove e il sistema dei palazzi dei Rolli di Genova", which are UNESCO World Heritage Site.

Inside the ancient harbour, the Acquarium of Genoa is one of the biggest in Europe.

It is possible to visit the renowned tourist city of Portofino, located near Genoa, and the Cinque Terre, five villages (Monterosso al Mare, Vernazza, Corniglia, Manarola, Riomaggiore) which are UNESCO World Heritage Site.

Special mention to Sanremo, the city of music and flowers, which is another amazing city to visit: it holds its famous casino, the botanical gardens of Villa Ormond and Villa Nobel, the house of the namesake Swedish scientist till 1896.

Other interesting areas are Santa Margherita Ligure, Dolceacqua, Camogli, the Poets' Gulf and Toirano Caves and many others.
